Board of Trustees

City of Pompano Beach General Employees' Retirement System

555 South Andrews Avenue, Suite 106

Pompano Beach, Florida 33069

Dear Members of the Board:

This report presents the results of the actuarial valuation of the City of Pompano Beach General Employees' Retirement System ("Plan") for the plan year beginning October 1, 2014. The purpose of this report is to provide a summary of the funded status of the plan as of October 1, 2014 and to determine the minimum required contribution amount for the 2015/2016 fiscal year. In addition, this report provides a record of any plan amendments or other plan changes affecting the financial status of the fund. Our calculations were prepared based on member data and financial information provided by the Retirement System. All historical data before the October 1, 2010 valuation was provided by the prior actuary.

## **Summary of Valuation Results**

The Retirement System receives contributions from the City of Pompano Beach, Broward Sheriff's Office (BSO) and from active members. Members hired prior to June 8, 2011 contribute 10% of compensation, while members hired on or after June 8, 2011 contribute 7.00% of compensation. In addition, the City contributes the required member contributions on behalf of the elected/appointed members who participate in the System. These contributions are considered member contributions and are not reflected in the required minimum City contribution. In determining the City's and the County's contribution requirement we have included two alternatives. The first includes interest to reflect that the City will make quarterly contributions throughout the fiscal year. The second reflects that the City will contribute a single lump sum payment on December 31, 2015. Both contribution alternatives anticipate that the BSO will make bi-weekly contributions throughout the fiscal year.

## **Quarterly Contributions**

The total required annual contribution for the 2015/2016 fiscal year from all sources payable based on a quarterly payment schedule beginning October 1, 2015 is \$9,149,430. The amount of the City/BSO contributions varies from year to year. Member contributions are equal to 9.52% employees' projected payroll. After taking into account expected member contributions of \$2,539,324, the total required contribution from the City/BSO is \$6,610,106 or 24.78% of projected payroll. Of this amount the City is expected to contribute \$6,237,199 and BSO is expected to contribute \$372,907. In comparison, the required City/BSO contribution for the 2014/2015 fiscal year was \$6,732,296, or 25.36% of projected payroll.

## **Single Lump Sum Payment**

The total required annual contribution for the 2015/2016 fiscal year from all sources payable as a single lump sum payment on December 31, 2015 is \$9,063,930. The amount of the City/BSO contributions varies from year to year. Member contributions are equal to 9.52% of employees' projected payroll. After taking into account expected member contributions of \$2,539,324, the total required contribution from the City/BSO is \$6,524,606 or 24.46% of projected payroll. Of this amount the City is expected to contribute \$6,153,050 and the BSO is expected to contribute \$371,556.

The plan provides a 2% COLA each year and an additional 1% COLA if certain conditions are met. They are: if there is a cumulative net experience gain for the year, and the City's cost for the year is \$0 after payment of the additional COLA. In addition, the present value of the additional COLA cannot be more than the cumulative gains that occurred since inception of the COLA. Since there was a cumulative net experience loss for the year and a required City contribution is due, no variable COLA will be paid this year.

Actuarial gains and losses result when the actual experience of the plan (such as asset return, pay increases, turnover, deaths, etc.) is different from that expected by the actuarial assumptions. The plan's unfunded liability was projected to be \$59,149,751 as of October 1, 2014, taking into account contributions from the City, County and members of \$6,697,862. The actual unfunded liability is \$56,106,641. The decrease of \$3,043,110 is due to an experience gain for the 2013/2014 plan year. Most of this gain is attributable to asset outperformance during the 2013/2014 plan year. A detailed analysis of the gain and loss is presented in Table II. The total decrease in City/County contribution to amortize the unfunded liability is \$112,631 per year. A summary of the amortization payments is presented in Table Va.

The valuation is based on a series of actuarial assumptions, including an interest rate of 8.00% per year and an annual payroll growth assumption of 2.40%. There have been no changes in the actuarial assumptions since the previous valuation.

A summary of the results of the valuation and the contribution requirements is presented in Table I. Disclosure information required by GASB Statement 27 can be found in Tables III and IV. The disclosure information required by Chapter 112, Florida Statutes, is presented in Table V. Tables VII and X provide information about the fund's assets and historical contributions. Table VIIb provides an asset reconciliation between October 1, 2013 and October 1, 2014. Table VI provides a breakdown of the fund assets by investment type and the calculation of the actuarial value of assets. Tables VII, VIIa, VIII provide a historical record of the growth, expenses, revenues, annual returns and contributions of the fund. Tables IX and IXa through IXd provide a variety of useful information concerning the participant population. The assumptions used in the valuation are outlined in Table XI. Provisions of the plan are set forth in Table XII.

This actuarial valuation was prepared and completed by us or under our direct supervision and we acknowledge responsibility for the results. To the best of our knowledge, the results are complete and accurate and, in our opinion, the techniques and assumptions used are reasonable and meet the requirements and intent of Part VII, Chapter 112, Florida Statutes. There is no benefit or expense to be provided by the plan and/or paid from the plan's assets for which liabilities or current costs have not been established or otherwise taken into account in the valuation. All known events or trends which may require a material increase in plan costs or required contribution rates have been taken into account in the valuation.

Future actuarial results may differ significantly from the current results presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. Since the potential impact of such factors is outside the scope of a normal annual actuarial valuation, an analysis of the range of results is not presented herein.

**Salary/Service:** Actual average salary increase of 5.4% compared to expected increases of 5.8%.

**Investment Performance:** 10.7% actual vs. 8.0% expected return on the actuarial value of assets.

**Turnover:** Net effect on the valuation liabilities of actual deaths, terminations of employment and disabilities different from what was anticipated in the aggregate by the assumptions related to those events.

**New retirements:** Net effect of differences in expected vs. actual numbers of, and benefits for, new retirements and refund of employee contributions.

**Due to Differences and Timing of Contributions:** Due to the one year lag of when the required contribution is determined and when it is deposited into the fund.

**Data/Service Adjustments:** Effect of service adjustments for service purchases.

**Assumption Changes:** None

**Method Changes:** None

**Plan Changes:** None

**Other Effects:** 2.4% increase in unfunded liability payment, accompanied with a loss due to full amortization of prior base.

25	.0756	45	.0227
30	.0536	50	.0132
35	.0416	55	.0038

3. Interest Rates

- Used for calculating all liabilities (including GASB 25/27 liabilities)
  - 8.0% per annum
- Used for calculating the Present Value of Accrued Benefits
  - 7.75% (Same as the Florida Retirement System)

4. Salary Increase

- **Individual Compensation:**

Service	Rate
0-10	7.50%
>10	4.25%

- **Aggregate Compensation**

2.4% per year

5. Marriage Assumptions

- **Percent Married:** 100% of active members assumed married at retirement.
- **Age Differences between Spouses:** Male spouses are assumed to be three years older than female spouses.

6. Expenses:

Expenses paid out of the fund, other than investment-related expenses, are assumed to be equal to the average of actual expenses over the previous two years.

7. DROP

- **Entry:** Of those assumed to retire using the Service Retirement rates, the proportion entering DROP is as shown in the following table.

Age at Retirement	Proportion Entering DROP
Under 55	0%
55-62	70%
Over 62	10%

- **Period:** DROP participants are assumed to remain in the DROP for a total of five years.

8. Assets

The market value of assets is adjusted to recognize, over a five-year period, investment earnings greater (or less than) the assumed investment return. The resulting Actuarial Value of Assets is limited to no more than 120% of the market value of assets and no less than 80% of the market value of assets. Details are shown in the Asset Information Section of the report.

**9. Amortization Period**

New Unfunded Actuarial Accrued Liability resulting from plan amendments, changes in assumptions or methods, or actuarial gains and loss are amortized over 30 years as a level percentage of expected payroll based on the plan’s assumed rate of investment return.

**10. BSO Required Contribution**

The required contribution for the Broward Sheriff’s Office (BSO) is determined by multiplying the total required contribution rate as a percentage of payroll by the payroll for BSO employees, projected to the following year.

**11. Data Sources**

- **Asset Data:**

The asset information is taken from audited statements furnished by the Retirement Office, and adjusted to include DROP Accounts as liabilities of the Plan. The DROP Account balances are added to net asset amount shown in the audited statement. The valuation entry for benefits paid during the last years reflects benefit amounts explicitly paid from the Plan (including the payout of DROP Accounts) and does not reflect those paid into members’ DROP accounts.

- **Member Data:**

The member data is supplied by the Retirement Office. It is reviewed for reasonableness and consistency, but no audit was performed. Cavanaugh Macdonald is not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

**Effective Date:**

**Plan 1:** December 8, 1972

**Plan 2:** June 8, 2011

**Eligibility:**

Regular full-time employment with the City (at least 26 hours per week and 5 months per year), including Elected Officials, Appointees, and Senior Managers.

**Earnings:**

Basic compensation and regular longevity pay, increased for temporary upgrade pay. Lump sum payment at termination for unused sick leave and vacation time is not included.

**Average Monthly Earnings (AME):**

**Plan 1:** Monthly average for the highest completed 78 bi-weekly pay periods during employment times 1.0048.

**Plan 2:** Monthly average for the highest completed 130 bi-weekly pay periods during employment times 1.0048.

**Credited Service:**

Total years and completed months of service from the last date of hire to the date of termination, retirement, death, or disability.

**Normal Retirement**

**Eligibility (Normal Retirement Date):**

The earlier of attainment of age 55 with 20 years of Continuous Service, or age 62 with 3 years of Credited Service as a “regular employee” with the City.

**Benefit:**

**Plan 1:** 2.75% of AME times years of service.

**Plan 2:** 2.00% of AME times years of service.

**Maximum Benefit:**

\$90,000 per year (indexed) at age 62, or 100% of AME (such earnings to exclude picked-up employee contributions per Sec. 414(h)(2), deferred compensation per Sec 457, and amounts deferred under Sec 125).

**Normal Form of Benefit:**

Life annuity to the member.

**COLA:**

**Plan 1:** Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired for at least one year. Increase is 2%. An additional 1% will be payable if either there is a net experience gain for the year, or the City cost for the year is zero after payment of the variable COLA.

**Plan 2:** Paid annually, on October 1 for retired members (or their beneficiaries) who have been retired at least five years. No increase is given for eligible retirees under 55 on October 1.
